The MarkOut® Marking Training System

The **MarkOut®** manual and the **MarkOut®** wraps are designed to be used together as a training system to eliminate a male dog's housebreaking problems.

The system is available as a kit, containing both a manual and wraps in specific sizes, or in individually packaged components. The kits, manual, and individual wraps are all available in attractive, ready to display, pre-barcoded packaging.

The MarkOut® Manual

The manual is like having a private lesson with the inventor, Karyn Garvin, a dog behaviorist who specializes in problem behaviors.

The MarkOut® Wraps

MarkOut® wraps are made from 100% cotton yarns, which are superior in absorbency. It is also made with a unique cotton-synthetic knit construction, which provides comfortable, controlled compression and enhanced breathability. This material is truly unique and carries its own patent.

MarkOut® wraps use Velcro closures for safety.

MarkOut® wraps are hand washable, reusable, and cost effective. (For best results, do not machine wash.)

The wraps come in four sizes:

- **Extra Small:** 3-inch width fits the tiniest of toy breeds (*for waists up to 10 inches*).
- **Small:** 4-inch width (*for waists 10 inches to 16 inches*).
